Baby, I was sure that you would never come
That I'd find each day alone
And never find someone
Imagine my surprise when I found you

Darling, I had nursed this lonely heart so long
That it's hard to let it go and trust that we'd belong
But with a little time I know

I could get use to this
Having you to hold me through the night
Oh, I could get use to this
Knowing in my heart that you are mine
I could get use to this all the time

Mornings I'd get up and fix a cup of tea
Now I'm halfway out of bed and you start kissing me
I guess the day can wait a minute more

Evenings meant quite time or movies all alone
Now I find with your sweet love
My time is not my own
And I don't see to even care

I could get use to this
Having you to hold me through the night
Oh, I could get use to this
Knowing in my heart that you are mine
I could get use to this all the time

I never meant to turn away.
I was afraid to love you at the start
Oh, now I can finally share myself
Because I know that we will never part
I surrender my heart

I could get use to this all the time
I could get use to this
I could get use to this

Oh, I could get use to this

Hugging and kissing you, babe
I could get use to this
Loving and wanted you, baby
I could get use to this

I could get use to this
Use to this

I could get use to this
