[Intro]

Till' the end, until the end  
Till' the end of my life, of my life  
I cry

[Intro chorus] {softly spoken}

And no matter how much I can, cry  
I'mma keep my head on my shoulders  
And I'm aiming at the, sky

[Dice Verse 1]

Yo  
This music is a part of me, looking at what started me  
Never had the fatherly love putting a scar to me  
Pains in my blood running through my every artery  
Through my every vein, every name, all the honesty  
Acting like I honor me, maybe it was calming me  
Maybe I just need to accept this pain is guarding me  
Maybe arrest was just a test, I'll confess  
That I'll never get the love I've seeked since my first  
breath  
And love? f-ck love, what is it? nothing to think  
I will only love this pen till' it runs out of ink  
Everybody isn't even worth a moment to blink  
Cause they will say "you need a shrink" if your feeling  
you'll sink  
And I ain't one to give a f-ck, I just wanna live it up  
But I feel so damn good when I think of giving up  
I'mma aim at the sky, I'mma hope I can fly  
I'mma pray when I try, just one more time!

[Chorus]

And no matter how much I can cry  
That I can cry  
I'mma keep my head on my shoulders and I'm aiming  
at the sky  
At the sky, oh  
And even if I doubt that I can fly

That I can fly  
I'mma let my pride be my wings and I'm aiming at the  
sky  
At the sky

DicE Verse 2:

No matter what the weather is pain is forever  
And me and my pain will, always be together  
So if I could rewind time back before I fell  
I would've chose to spend the rest of my days up in a  
cell  
Cause this life is so ridiculous, no giving a f-ck  
I've been an angel and I still was never given' no luck  
And I just prayed to God, but I'm never getting no  
"what"  
So I give up with all this stupid f-cking sh-t we call love  
And I'mma aim to the sky, waving "bye" at my enemies  
And all the fake ones trying to befriending me  
I guess I'll never be what I always said I'll be  
Instead I just became my never-ending enemy  
Take the mic back, you can take the name too  
You can have the record label and the f-cking fame too  
You can take away my friends, you can take away my  
girl  
F-ck it, you might as well take away my world  
(World)

[Chorus]

And no matter how much I can cry  
No matter how much, how much I  
I'mma keep my head on my shoulders and I'm aiming  
at the sky  
At the sky, oh  
And even if I doubt that I can fly  
And even if I, doubt that I can  
I'mma let my pride be my wings and I'm aiming at the  
sky  
I'm aiming at the sky

[Bridge]

Ugh, yea

And no matter how much I can cry  
That I can cry  
I'mma keep my head on my shoulders and I'm aiming  
at the sky  
At the sky, oh

{harmonizing}

Ugh huh,  
One more time!

[Chorus]

And no matter how much I can cry  
That I can cry  
I'mma keep my head on my shoulders and I'm aiming  
at the sky  
At the sky

[Outro]

Yea  
To my family, I love ya'll  
To my friends, stay up  
To my brother, you'll be home soon  
I love ya'll, peace
