### "Somebody Loves You"

Visit "[Somebody Loves You](#)" on [MotoLyrics.com](http://MotoLyrics.com)

[Hook: Raheem DeVaughn]

Somebody loves you girl, this I swear is true girl  
Somebody loves you girl, this I swear is true girl  
Somebody loves you girl, this I swear is true girl  
Somebody loves you girl, this I swear is true girl

[Verse 1: Dice Raw]

The feelin' love, explained by many different cultures  
But true love, it only has a few approaches  
It's not a race to see who comes the closest to the  
finish line  
Cause while the finish line approaches  
What we have is coming closer to a closure  
Punch drunk lovers, they wakin' up the next day sober  
But while we still high there's some things I wanna  
show you  
And fly to, your ex-boyfriends, just say goodbye to  
For now, for I know not how long love lasts  
Let's take our time, no reason to move so fast  
Let's go slow, something I want you to know  
When I'm with you it seems reality is better in my  
dreams  
And you fulfill all my needs  
My wants, desires, my greeds, my pleads  
Hey girl, let's just stand here and freeze  
I've never felt so stuck, but so free

[Hook]

[Verse 2: Raheem DeVaughn]

You should be the cover of the Essence magazine  
Yeah, beauty of the week, flyest girl I've ever seen  
Have a crown upon your head, baby girl you a queen  
Rose petals at your feet, baby girl you a queen  
Independent as ever, tougher than leather  
Always down to ride if I should call whenever  
Schooled by your mamma and your granny too  
Such a fuckin' lady, that's why I fucks with you  
I'm payin' homage to all the girls  
And all the strong ladies 'round the world  
You're my runaway, everyday superstar

Like them single ? mommas that be workin' hard  
Don't you give up, just keep your faith  
All that you do, remember somebody loves you

[Hook]

[Verse 3: Dice Raw]

If you ever feel like who you with just doesn't feel right  
Or you feel like you just wanna be held real tight  
You feel lost in the dark and you empty inside  
Then I'll come find you and then I'll help you turn on the  
lights  
We fell out of love, then fell back in love with you twice  
I say twice cause for me girl there's only two types of  
love  
The love a boy can have for his mother  
And the love a boy can have for a sexy motherfucker  
Such as yourself, hey girl I wanna see you with wealth  
But I know the most important thing in life is health  
Material shit, they really can't move that hype  
When I'm with her I don't need no Maseratti  
I wake up to her every day and rock that body  
That ass so fat, her waist, her lips, her hips  
Hey baby, you smart as a whip  
I just want to tell you something so you never forget  
And it's
