Do you... don't you  
Would you... want you  
Can you... could you  
Be the one for me?

I am in a mess  
You put me in the stress  
How let that you know  
Be the one for me

Girl, hands up please and set me free  
Could you be the one...  
Be the one for me?

Do you ? don't you  
Would you ? want you  
Can you ? could you  
Be the one for me?

Do you ? don't you  
Would you ? want you  
Can you ? could you  
Be the one for me?

'Cause I am on my knees  
Darling, if you please and my misery  
Be the one for me

Girl, hands up please and set me free  
Could you be the one  
Be the one for me?

Do you ? don't you  
Would you ? want you  
Can you ? could you  
Be the one for me?

Be the one for me [4x]
