Send my body home not alone
Let me live a second life in a children's paradise
Save my flesh and bones on a boat
Wind and winter follow byas tomorrow never dies

You're the best of worse of friends
Praise the sea it never ends
You're the sea and i'm the sky
We together lullaby

Send my body home not alone
Let me live a second life in a children's paradise
Save my flesh and bones on a boat
Wind and winter follow by as tomorrow never dies

You're no good and i'm too soon
You need food for your typhoon
When i'll be to old for thee
I'll be free under your tree
