Peace, brother, peace
Peace, brother, peace
All of my sisters
All of my brothers
Peace, peace, peace

I want you
To tell them to love
Everybody's got to
Love, love, love

All of my sisters
All of my brothers
Love, love, love

No more talking
Everything we say
It has been said before

Time for feeling
Reaching down into your heart
And even more

Time for giving your
Hand to your brother
Time for changing
The man that you are
Time to work out
Love on each other

Time for peace
Time for peace
Time for peace
I said peace
I said peace
Time for peace

We gotta get together
Do a little giving
Change our way of thinking
Change our way of living

And Lord, Lord
We've got to stop the hating
And no time left for crying
When the kids are going hungry
And the good men are dying

Got to be now, now
Got to be now, now
We got to go ahead
And climb that mountain
Got to find a way somehow

Got to have peace
We got to have peace, peace
Lord, we got to have peace

Please tell my brother
Somehow, somehow
I got to reach you
All my sisters
All my brothers
Peace, peace, peace
