Do you... don't you
Would you... want you
Can you... could you
Be the one for me?

I am in a mess
You put me in the stress
How let that you know
Be the one for me

Girl, hands up please and set me free
Could you be the one...
Be the one for me?

Do you ? don't you
Would you ? want you
Can you ? could you
Be the one for me?

Do you ? don't you

Would you ? want you
Can you ? could you
Be the one for me?

'Cause I am on my knees
Darling, if you please and my misery
Be the one for me

Girl, hands up please and set me free
Could you be the one
Be the one for me?

Do you ? don't you
Would you ? want you
Can you ? could you
Be the one for me?

Be the one for me [4x]
