"Devil Like Me"

Visit "[Devil Like Me](#)" on MotoLyrics.com

Well a devil like me needs an angel like you to really
tame me down
If an angel like me had the devil like you I'd stop your
runnin' around
Yeah I'd stay at home like a good man should I'd never
ever make you blue
Cause a devil like me needs an angel like you you bet
your little heart we do
Well you've never been warm for city girls you've
always played the field
This one that one ever other which one just another
turnin' the wheel
But when you've walked in with your big brown eyes
And your pretty little dress of blue
I knew a devil like me needs an angel like you you bet
your little heart we do

Well if a devil me had an angel like you I'd change my
reputation
Cause a devil like me with a shady hairs ain't got no
recommandation
I give you real love true love a whole lotta sweet love
And I make your every dreams come true
Yes an angel like me needs the devil like you you bet
your little heart she do
Well a devil like me needs an angel like you to really
tame me down
If an angel like me had the devil like you I'd stop your
runnin' around
Yeah I'd stay at home like a good man should I'd never
ever make you blue
Cause a devil like me needs an angel like you you bet
your little heart we do
Cause the devil like you
Needs an angel like you
You bet your little heart we do
