He comes from a little town in bedrock  
Just invented the wheel  
He's got his wife betty in a headlock  
He drives a boulder mobile  
With his friends freddy and wilma  
Tell me how does it feel to be

Bowling with bedrock barney barney  
He is the life of the party that barney  
He likes his chilli con carne  
That barney

I saw him down at the lodge meeting  
He was the grand wizzo  
And he was eating a bowl of fruity pebbles  
He's gonna pour some for you some  
Cactus cooler and a steakasaurus  
Just escaped from the zoo

Now i'm bowling with bedrock barney  
He is the life of the party  
He likes his chilli con carne

He's such a joke  
He's been smoking rope  
There is no hope  
Barney barney
