Look on yonder misty mountain
See the young monk meditating rhododendron forest
Over dusty hills i ask you
What's it been like being you

Through all levels you've been changing
Getting a little bit better no doubt
The doctor bit was so far out

Looking through crystal spectacles
I can see i had your fun
Looking through crystal spectacles
I can see i had your fun

Doing us paperback reader
Made the teacher suspicious about insanity
Fingers always touching girl

Through all levels you've been changing
Getting a little bit better no doubt
The doctor bit was so far out

Looking through all kinds of windows
I can see i had your fun
Looking through crystal spectacles
I can see i had your fun

Looking through crystal spectacles
I can see i had your fun
Looking through all kinds of windows
I can see i had your fun

Rebel against society
Such a tiny speculating whether to be a hip or
Skip along quite merrily

Through all levels you've been changing
Elevator in the brain hotel
Broken down but just as well

Looking through crystal spectacles

I can see i had your fun
