I've just seen a face I can't forget the time or place that
we'd just met
She's just the girl for me and I want all the world to see
we'd met uh uh uh uh uh
Had it been another day I might have looked the other
way I had never been aware
And as it is I dream of her tonight na na na na na na
Falling yes I'm falling and she keeps calling me back
again
Falling yes I'm falling and she keeps calling me back
again
[guitar]
Had it been another day I might have looked the other
way I had never been aware
And as it is I dream of her tonight na na na na na na
I have never known the likes of this I've been alone
And I have missed things and kept out of sight
But other girls were never quite like this la la la la la la
Falling yes I'm falling...
[steel]
