(lee, wilde)

I'm just a lonley egg  
Peel me down  
I'm not afraid  
What will we do  
What will we do  
What will we do

Walk like an egg  
Yankee shake a leg,shake a leg,shake a leg  
C'mon and walk like an egg  
Yankee shake a leg,shake a leg,shake a leg

I'm just a lonely egg and I'm an egghead  
Peel me down and I'm white and naked  
Everybody thinks that I'm just a joke  
Baby,baby the joke's on you

Waddling around  
Egg is in town  
A fellow's gotta waddle  
He's hittin' full throttle
