On Sunday, when the church bells start ringin'

They're ringin' for you and for me

Let's all kneel down at the altar

And pray that our souls might be free.

CHORUS:

I'll meet you in church Sunday morning

And we'll all kneel down and pray

We'll pray to our Lord up in heaven

To guide us safe home on our way.

It's a place where we all meet on Sunday

To worship our Lord up above

And let all of our sins be forgiven

And meet with our loved ones above.

Repeat chorus

In heaven I hear a voice callin'

From the land where there's one endless day

Let's all be prepared to meet Jesus

The path is narrow to that home far away.

Repeat chorus
