Do you think of the cross on which Jesus died  
Of the blood he shed for you  
Are you prepared to meet him in that land of love  
By his word are you going to abide  
Remember the cross on which Jesus died  
Follow in his footsteps each day  
He shed his blood for you and he shed his blood for  
me  
Never cast that cross aside  
Never let other people lead you astray  
Teach his words to them if you can  
They must think of that cross on which Jesus died  
And get ready to meet him someday  
When Jesus comes down from heaven above  
And you haven't thought of that cross  
He'll cast you aside in the twinkling of an eye  
And you won't see his blessed home of love
