I heard a voice callin' out to me
Might've been a vision, might've been a dream
It said some things will come and some will go
We're only here a moment don't you know

I don't claim to have all the answers
But I've got my share of questions
If I don't follow blindly
Doesn't mean I've lost my way

Because I'm still on the journey
Headed down the road less traveled
I guess we're all gonna get there
In our own time and way

There's a bridge that leads to the other side
And you'll know you crossed when you arrive
And everyone will have a tale to tell
I'm gonna quench my thirst when I drink from that well

I don't claim to have all the answers
But I've got my share of questions
If I don't follow blindly
Doesn't mean I've lost my way

Because I'm still on the journey
Headed down the road less traveled
I guess we're all gonna get there
In our own time and way

I heard a voice callin' out to me
Might've been a vision, might've been a dream
It said some things will come and some will go
We're only here a moment don't you know

I don't claim to have all the answers
But I've got my share of questions
If I don't follow blindly
Doesn't mean I've lost my way

Because I'm still on the journey
Headed down the road less traveled

I guess we're all gonna get there
In our own time and way

Yeah, we're all gonna get there
In our own time and way
