

Dick Jacobs Chorus "Tower's Trot"

Visit "[Tower's Trot](#)" on MotoLyrics.com

First you walk across the floor

And do that little step

And then you walk a little more

Then you do that step

Then you take your partner's hand

Then you do that step

And then you listen to the band

And then you do that step

Clap your hands, untie your ties

Make believe you're catchin flies

When you feel your feet get hot

You're doin' the Tower's Trot

[Clapping]

[REPEAT ALL]

Do that Tower's Trot!
