She'll listen as I climb the stairs and know the shape I'm
in

Cause every time I've had a few Lord I'm at her door
again

Well it's not right and it's not love but she's here most
anytime

And she's the closest thing to you that I can find
I've used her time and time again but I never used her
up

It seems that after all this time she'd finally get enough
Cause even though she's in my arms she knows who's
in my mind

And she's the closest thing to you that I can find

[ac.guitar]

Well I've known it's wrong all along but here I am again

So we'll talk awhile and then she'll smile and finally
she'll give in

Well it's not real and it's not right but tonight Lord she'll
be mine

And she's the closest thing to you that I can find

I've used her time...

She's the closest thing to you that I can find
