Where'd you get it i got it at the store
Where'd you get it i can't get any more
Where'd you get it i got it at the store
Where'd you get it i can't get any more

I got it at the store you can't get any more
I tried another floor but they had nothing same as
before
You gotta put down a deposit if you wanna buy more

I got it at the store you can't get any more
I tried another floor but they had nothing same as
before
They said where did you get it at i got it at the store
