Sometimes i try to figure out just  
Why  
Why you are the way you are  
You  
You make it so hard for me to love you

[Diddy]  
Hold up now  
Listen  
I ain't gonna try to sit here and say I'm perfect  
You know  
I mean  
I'm tryin' to do the best I can  
With my time here on earth  
You know  
You know my mother  
Mama always say that I'd be somebody  
You know  
So you know  
I might as well be great  
You know  
I mean  
It's hard to understand how I am  
Sometimes you don't really need to be  
Fuckin' understanding though  
I mean God put me here for a reason  
And I'm here to let these bitches know

[Avant]  
I've come to claim my place

[Diddy]  
I've come to claim my place

[Avant]  
I'll show you the way

A lot of people don't understand  
They'll understand one day though  
I just like to make people feel good  
I really feel I can do anything

I really truly beleive in God that way  
So much that I believe in myself  
I guess I'm kinda like my father  
Who had a relentless spirit  
You know  
He would stop at nothing to achieve his goal  
You know nowadays  
A lot of these niggas don't understand that  
They gonna have to handle it

[Diddy]  
I've come to claim my place  
And I ain't gonna stop  
I ain't gonna never stop  
I thank y'all for ridin' with me  
Thank you all for rockin' with me  
Through this journey  
It's just begun  
And I wanna take the time  
To say thank you

[Avant]  
Listen to everything he say  
I've come to claim my place

I truly appreciate you  
And I love ya  
Ain't nothin' else to say

[Avant]  
Woe baby  
I love you  
But I gotta do what I gotta do
