"Take You There"

Close your eyes
Relax your mind
Fantasizing
Come with me

If you want to go far, far
Let me take you to the stars, the stars
(I'm gon' take you there)
We don't even need a car, a car
If you want to go to Mars, to Mars
(I'm gon' take you there)

Have you ever seen the clouds up close?
Take a deep breath, baby let's go
(I'm gon' take you there)
What's your desire? I'm your supplier
I'll get you higher

When you're ready to go
Baby let me know 'cause girl I promise I can take you
there
I'll take you there when you're ready to go
Baby let me know 'cause girl I promise I can take you
there
I'll take you there, I'm gon' take you there

Baby, you can play Lois Lane
When you need me I can be your Superman
Lazy lovers never let you spread your wings
While you're sleeping you'll be calling out my name
(Donnie!)

If you want to go far, far
Let me take you to the stars, to the stars
We don't even need a car, a car
If you want to go to Mars, to Mars

When you're ready to go
Baby let me know 'cause girl I promise I can take you
there
I'll take you there when you're ready to go

Baby let me know 'cause girl I promise I can take you
there
I'll take you there when you're ready to go

I can picture you and me making love above the breeze
We'll be lying on the clouds, we don't plan on coming
down
It's the place where we're alone, even all the stars are
gone
Let's go, let's go, let's go
(We interrupt this broadcast for an emergency
announcement)

Excuse me lady
How you doing? Have my baby
I'm just screwing around, I'm crazy
Baby girl, I'm night and day and

Taste you girl, don't stop your loving
Every time you stop the fronting I'll pop your oven
You should in fact stay, could be that way
I'm good in that way, hood in that way

I'll be your lover, your favorite color
We outerspace, we breathe each other
Your inner tantra, I got the answer
I'll push you back up, it's hard to stand up

I'm yours, it's on
Yes, baby girl you fucking with Sean
Ride wit a don, foreign languages, let's play Pong
Take off your outfit and let's be gone

Girl, I got you in the zone, in the zone
So far gone I swear your mind is blown, mind is blown
Did your heart just skip a beat, skip a beat?
So high up I know it's hard to breathe

When you ready to go
Baby let me know 'cause girl I promise I can take you
there
I'll take you there when you're ready to go
Baby let me know 'cause girl I promise I can take you
there
I'll take you there when you're ready to go

I'll take you there, don't you be scared
I'm gon' take you there when you're ready to go
Just close your eyes, you're in for a ride
I'm gon' take you there
I'm gon' take you there, there, there

It's one of them bad boy things
Donnie Klang
She love it when the bass goes
She love it when the bass goes
She love it when the bass goes
She love it when the bass goes
