You drive me ape
You big gorilla
Come on ape, ape
I wanna tell ya

Swinging around from every town to town
I swing around and I never come down
City is a jungle, now this is it
Every time I look at you I go ape shit

You big gorilla, ape, ape
I wanna tell ya

Cruising through the trees with the birds and the bees
Baby, baby monkey, I ain't so hard to please
Cruising through the trees with the birds and the bees
Baby, baby monkey, you won't get no disease
I got no disease

Ape, you big gorilla
Ape, ape, I wanna tell ya yeah yeah
Ape, you drive me ape, ape
Ape you down, ape, ape
Pretty baby now, ape, ape
