Teardrops will fall tonight
Tears I can't hide
Tears that I tried to keep
Deep down inside

Tears for a love that's gone
Beyond recall
When I dim my light
In my room tonight
Teardrops will fall

I read your letter
Tears filled my eyes
All of your promises
Nothing but lies

I turned your photograph
Face to the wall
When I dim my light
In my room tonight
Teardrops will fall

I'm gonna pray tonight
Hoping you'll hear
Maybe you'll right the wrong
And dry each tear

I'll sit alone tonight
Goping you'll call
When I dim my light
In my room tonight
Teardrops will fall

Teardrops will fall
Teardrops will fall
Teardrops will fall...
