Dawn: I like how your body moves to the tempo
Keep it consistent, come on baby let's go You turning
me on

Hook Diddy: I've been sitting here eyeing you, I've got
something to propose

What you think about a rendezvous, We can do
whatever you want
You turning me on

Chorus: I want to see you hair down, hair down (Repeat
2x's)

And when you pop up in that jet black
Nobody's business you should let that go
And that ponytail, Don't forget that
Just loosen up and let it down, down

Verse 2 Diddy: You look so exotic, Tell me what your
next wish is
Judging from your skin complexion I guess that your
nameless
Your turning me on

Hook Diddy: I've been sitting here eyeing you, I've got
something to propose What you think about a
rendezvous, You can do whatever you want You turning
me on

Chorus: I want to see you hair down, hair down (Repeat
2x's) And when you pop up in that jet black Nobody's
business you should let that go And that ponytail, Don't
forget that Just loosen up and let it down, down

Verse 3 Diddy: Backwards and forth we goin
circles we dizzy from flowin
me, you, and my dream come true
Your flower I am watering by the hour
Two types of candy one sweet one sour
Come feel this power
File in my unforgivable sense of entry
while you live a few hours
In my playground sliding up and down my tower
Our bond, its three of a kind

And one that could last forever
So it betta be right cuz it can't be wrong when you
explode from my pleasure forever ever, forever ever

Chorus: I want to see you hair down, hair down (Repeat
2x's) And when you pop up in that jet black Nobody's
business you should let that go And that ponytail, Don't
forget that Just loosen up and let it down, down

Dawn: Hair Down(Repeat 3 x's)
