[Ricki Ross]

Hello Good morning tell me what the lip read
Pretty face, thin waist with the sick weave
First time fish tailing in the 6 speed
Real bad boy tell em come and get me
I'm at the fight, been kinda like Bellmen
Only took the trip to the truck twice
Unpacked the Mac 11 and air max's
Stuff six figures in my damn air mattress
Uh, I'm in love with large bills
A dime with a fat ass, thin waist and tall heels
Yeah, it's the teflon Don,
Hundred carrots in the charm tryna give it back to
Sean.

[Diddy]

Hello, Good morning
Lets go, lets ride,
Hello, Good morning
Hello, Good morning
Know you've been waiting for it
'Cause I seen you watching
So lets go
Lets get it popping

[Dirty money]

Cause I've been leaning on the bar
Looking cleaner than the star
All these broads wont give me my props
25 on the bank I be stunting on there ass
And they mad cause the b-tch won't stop

[Diddy - Dirty Money- Chorus]

Got your boyfriend feeling like a groupie
(You know, you know, we know, we on that)
Stuntin like you looking like a movie
(You know, you know, we know, we on that)
And everybody know who the truth be
(You know, you know, we know, we on that)
I blow cause I'm blowing on the ohh wee
(You know, you know, we know, we on that)

Hello

[Nicki Minaj]

I came up in it a little bit self centered
But did I kill a Queen
Alexander McQueen's got a wrist on glow
The bottles is on po'
Got that shibby shibby yeah shibby yeah ayou!
What the f-ck I look like b-tch I run this town
I aint coming out for less than a 100 thou
Man, the last time I checked I was bubbling out
Got to turn down shows, out in Dublin now
Wait wait hold on, maybe they didn't get that here
Like 11 hundred horses when I switch that gear
Swerve on them sorta like I missed that dear
Press that little button on the sit back chair
B-tch I do it cause I get it
I got billion dollar credit
If you got a million dollars you could put it up and bet it
I just be like hello hello but I never could salute them
Young money I do it for the yout dem!

[T.I.]

Hello, good morning, how you doing with the movie
And welcome to the future I'm the captain of the cool
kids
The revolutions never been televised
Great booty better thighs I ain't wanna tell her bye
First, I tell her hi, then I give her one and let her fly
Never tell her lie the night you couldn't find a better
guy
King sh-t fly to anywhere you get seen with
Gangsta distinguished, cool as a penguin
Got a team of them, honey feel free to bring with
G-5 waiting, fly away at my convenience
You see TIP checking in a 5 star suite with some 5 star
freaks
Getting high all week
Catch me in the V
I was in the back when y'all sleep
In a fast car super bad broad back seat
That's me, see I'm nothing nice, f-ck a couple nights
See the moon say goodbye and the sun greeting us
like...

[Diddy]

Hello, Good morning
Lets go, lets ride,
Hello, Good morning
Hello, Good evening
You blow, you feindin'

'Cause you know that your really needed
And I'm the one that you wanna be with
But right now baby you dreaming
Wake up and turn the lights off

[Chorus]

[Diddy]
Hello, Good morning
Lets go, lets work,

Make you feel good too
Don't stop I see you lets work

Your baby momma cry for me like Jodeci
So how you not notice me
Pull up to the club in the coldest V
Ugh. literally though little did he know how that n-gga

How that n-gga Diddy go so hard like a crowbar still

Woah, woah, woah

Nothing can save ya

[Chorus]
