Oh, you know we had to do it  
Oh, you know we had to do it  
Ha-ha  
Hey, yo', Mary  
I don't think they ready for this one

This is Phase 1  
Love And Life

Oh, let's work  
Oh, let's work {Let's work, people}  
Oh, let's work {It's the reunion}  
Oh, let's work {Let's work, people}  
Oh, let's work {Mary J. Blige}  
Oh, let's work {I see you came through}  
{The Queen of Hip-Hop and Soul}  
{They call me, Diddy}  
{Bad Boy, baby}  
{Mary, talk to them}

Boy, you know you got your hooks in me  
You're on my mind every day constantly  
I'm tired of holdin' back the way I feel  
'Cause what I feel, baby, for you is real

You give me everything I want (Everything)  
A little more than I'll ever need (A little more,  
babe)  
I never felt like this before (Ooh)  
That's why I wanna give you all of me (I'm hooked)

I'm hooked, babe  
On your love, you got me wondering  
Sexy (Sexy, sexy, baby)  
You're the one I want, you got your hooks in me

I won't sway  
'Cause that's what's up, you got me in a daze (Got me  
in a daze)  
All I can say  
Oh, you know got your hooks in me

Someone like me doesn't always fall in love  
'Specially with dudes that I meet in the club  
'Cause I ain't really into gettin' rough  
But boy, I'm feeling you and that's what's up

You give me everything I want (Everything)  
A little more than I'll ever need (A little more,  
babe)  
I never felt like this before (Ooh...hoo...)  
That's why I wanna give you all of me (I'm hooked)

I'm hooked, babe (Hooked, hooked)  
On your love, you got me wondering (On your love,  
babe)  
Sexy (Hey, hey, hey, hey)  
You're the one I want, you got your hooks in me

I won't sway (Won't sway, baby)  
'Cause that's what's up, you got me in a daze (Ooh,  
baby, baby, baby)

All I can say  
Oh, you know got your hooks in me (That's what you got  
to do)

Baby, I'm so into you (I'm so into you, boy)  
No one can do what you do to me (No one can hold me  
this way)  
This is a chance of a lifetime (I won't miss it for  
nothin')  
For me, make you mine till the end of all time

I'm hooked, babe  
On your love, you got me wondering  
Sexy  
You're the one I want, you got your hooks in me

I won't sway  
'Cause that's what's up, you got me in a daze  
All I can say  
Oh, you know got your hooks in me

I'm hooked, babe  
On your love, you got me wondering  
Sexy  
You're the one I want, you got your hooks in me

I won't sway  
'Cause that's what's up, you got me in a daze  
All I can say

Oh, you know got your hooks in me

Mama, shake that thang  
You know I like it when you shake that thang  
The way you shake it, girl, you show no shame  
Stop playing, girl, shake that thang

Now let's work  
Ooh, let's work
