I went downtown, I thought I'd have a good time  
Got home this morning, didn't have a dime  
Lordy, Lordy, Lordy got them dog house blues  
No use talkin', I got the dog house blues

Came home this morning, about half past eight  
She said, "Honey you're out too late"  
Lordy, Lordy, Lordy got them dog house blues  
No use talkin', I got the dog house blues

I told her I'd been fishin' for an excuse  
She knows different and it ain't no use  
Lordy, Lordy, Lordy got them dog house blues  
No use talkin', I got the dog house blues

I went in the house, started the fire  
She kicked me out in the middle of the night  
Lordy, Lordy, Lordy got them dog house blues  
No use talkin', I got the dog house blues

I fell out in the yard, mad as I can be  
Said to little doggy, "Make room for me"  
Lordy, Lordy, Lordy got them dog house blues  
No use barkin', I got the dog house blues
