Can you feel me?
I want her to feel it in her chest
I want her to feel it in her soul
I want her to lose control
Mary, talk to 'em

You taking a part of me
That I cannot simply
See me lettin' go
No, this ain't the time

I got too much livin' to do
And I can't lose it over you
So give me the flow, I'll get my swagger goin'
I'll say this is the year for me

You, you making it so damn hard
You making it so damn hard for me to love you
You, you making it so damn hard
You making it so damn hard for me to love you

You making it hard, so hard, so hard for me
(Can't say what I want, no)
You making it hard, so hard, so hard for me
(I can't put my heart, no)

You making it hard now
(So hard, so hard for me)
(Don't know what you wanna know)
You making it so damn hard
(It's so hard for me to love you)

Damn you been around up and down the whole way
I know I make it hard to love me but trust me

I can take you places that you ain't never been
Put in you Purple Labels and that Vera Wang
Get your name engraved on a wedding ring
On everything, I'ma love you better more than I ever
did

See, baby girl, listen, since you been here with me

Can't even lie, I seen the rider in your ambition
Try to provide and be the fire when you wet and
drippin'
Mami, if you see it different, go 'head and get it

And I ain't sayin' if you leave me it'd be better
But me and you together, honey, we could do whatever
I made it hard, I admit it is true
I need to hear some, I'm listenin', boo

Submit to a heart as fake as sure the things improve
I'm prepared to take it there for you
Your love, it keeps me nervous
Ain't no purpose, constant chest pains

It's amazin' but it ain't enough
Friends keep askin', I'm stayin' around
For what? Who shelters me the key is
Rewind to where reminders of what it is

I know I'm hard to love, that's right
You, you making it so damn hard
You making it so damn hard for me to love you
You, you making it so damn hard
You making it so damn hard for me to love you

You making it hard, so hard, so hard for me
(Can't say what I want, no)
You making it hard, so hard, so hard for me
(I can't put my heart, no)

You making it hard now
(So hard, so hard for me)
(Don't know what you wanna know)
You making it so damn hard
(It's so hard for me to love you)

I know I'm always sayin' that I don't want you to hurt
You tried to complain but I was makin' it worse
Besides all the games that I was kickin' at first
It's time to explain, my mind's been in reverse

But now I think back, when nobody cared
And you was there just to roll by your man
And came back even though what I did
I realized and I'm aware, I know what it is

Put that on everything, girl, you my everything
I don't know where I'd be 'cause you're the air I breathe
If lovin' you wrong, then who could be right
I wouldn't know what to do without you in my life

You more to me than the world I pray
No more nights for your heart to ache
So, right in the middle of the dawn of day
I take of all the pain I caused and throw it away and say

I need you in my life
Can you feel it in your soul?

You, you making it so damn hard
You making it so damn hard for me to love you
You, you making it so damn hard
You making it so damn hard for me to love you

You making it hard, so hard, so hard for me
(Can't say what I want, no)
You making it hard, so hard, so hard for me
(I can't put my heart, no)

You making it hard now
(So hard, so hard for me)
(Don't know what you wanna know)
You making it so damn hard
(It's so hard for me to love you)

So hard for me to love me
(Can't say what I want, no)
So hard for me to love me
(I can't put my heart, no)

So hard for me to love me
(Don't know what you wanna know)
You're making it so damn hard
(It's so hard for me to love you)

Can't say what I want, no
I can't put my heart, no
Don't know what you wanna know
You're making it so damn hard
(It's so hard for me to love you)
Yeah, you are
