Somebody gotta pay, I been on this block all day  
Tryin' to get off all this yay

[Verse 1]

I'm the boardman bitch but let me tell ya how I came up  
Cooked a lot of that raw, never sold that fake stuff  
Cutthroat cha' if ya try to bring me some harm  
Don't look at me wrong cause I'll be bustin' ya long  
Blunbt smoke with the rocks in my mouth, see all dirty  
Gotta see my P.O. tomorrow on a hot Thursday  
But today I'ma make it bump around the way  
I lay K off in the grass so ya better not play  
If ya just jumped off the porch I'ma slam ya  
If ya talkin' crazy nigga I'ma have to handle ya  
If it's real I can serve ya, we can do a little business  
Keep it on the low when we straight I'ma hit chu' with  
that issue  
As long as I got narcotics make me richer  
Before I stop I'ma blow up the block this year

[\* Explosion \*] (x7)

[Verse 2]

Do I have to speak any further  
Fuckin' with me and my loot then it's gonna be a  
murder  
I creep in ya house like a burglar  
Do you really think it's a game, you lame  
When bullets flame you gon' be the next nigga  
unnamed  
What cha' heard, my click can't be flamed, crazy in the  
brain  
Yes we do get into this hustle so don't fuck with out  
brains  
On the block is where I hang  
In the same fit for three weeks  
For this goof that steal my money race like a track meet  
On a Friday ain't no heat, only if you got beef

It's about to be a X for nigga tryin' to hit a ho with that  
bare meat  
In the streets it's known that we got em' anything can  
happen  
I'ma make it so the crack and rap and hustlin' is  
happenin'

[Hook x5]

[Verse 3]

I jumped off in tha game back in 96  
Nigga hit me three bricks, nigga post that list  
Servin' Boxcar Ramone, that nigga was kissed  
I used to give him two stones just to test my shit  
Got my first piece of pussy in a project hallway  
Pussy to the gun play, we can play all day  
Smokin' big weed, keep my conscience clear  
P.O. bitch touched me now I'm back on a tear  
I can't wait to see them niggas when they see my face  
Give my lawyers six figures now they droppin' the case  
When I was small big niggas on the block would ball  
I had to look up to em' like they was 20 feet tall  
Fuck y'all I'm stack my tips, take these hits  
Fuck a thick bitch in a brand new six  
Now it's Friday, like a ho to do it my way  
Only do the speed limit and a third on the highway
