Lala Lala la la
Mmmmmm mmm
You by the light
Is the greatest find
In a world
Full of wrong
You're the thing that's right
Finally made it
Through the lonely
To the other side

You said it again
My heart's in motion
Every word feels
Like a shooting star
I'm at the edge of my emotions
Watching the shadows
Burning in the dark
And I'm in love
And I'm terrified
For the first time
And the last time
In my only life

This could be good
It's already better than that
And nothing's worse
Than knowing your holding back
I could be all that you need
If you let me try

You said it again
My hearts in motion
Every word feels
Like a shooting star
I'm at the edge of my emotions
Watching the shadows
Burning in the dark
And I'm in love
And I'm terrified
For the first time
And the last time

In my only

I only said it 'cause I mean it
Oh I only mean it
'Cause it's true
So don't you tear
What I've been dreaming
'Cause it keeps me up
And holds me close
Whenever I'm without you

You set it again
My hearts in motions
Every word feels
Like a shooting star
I'm at the edge of my emotions
Watching the shadows
Burning in the dark
And I'm in love
And I'm terrified
For the first time
And the last time
In my only life
Life, life
In my only life
