'Bout a month ago I'd never seen your face
I'd never heard your voice
'Bout a month ago I am a careful hunter
And I had to search
Before I found your love
'Bout a month ago Are you my boy or the Flowerstand
Man
You bought such colour to this place
Are you my boy or the Flowerstand Man
With you I am laid back I don't care if every River runs
so dry
I don't care if every Species were to die I don't care
about the Ozone layer
I wouldn't notice if it wasn't there
Oh no I don't care if we sell Coke to Africa
I don't care about apartheid I wouldn't notice if it all get
better
I don't care about the starving who've died
Your my boy when the way you live and breathe
I don't care about anything but you
Your my boy when the way you live and breathe
I don't care about anything
