People push me around and they call me a freak  
Make fun of my friends and they say I stink  
But I killed my mammy on the day I was born  
Scared the doctor half to death with my antelope horn  
Met the mongoose woman, that's when I was saved  
A beard on her face and her pussy is shaved  
Had a little baby boy and he looked like a frog  
When Momma serves supper, he barks like a dog  
Kick some ass tonight!  
At the freak show!  
Got four legs and a dick that can see

Reptile skin like a gator should be  
Daddy sold me to the circus when I was three  
I'm nine feet tall and half a foot wide  
How much would you pay for a coat of my hide?  
I live in a tent and I sleep in the hay  
Ringmaster beats me with a whip all day  
Brings his girl to see us, shows off his sluts  
One of these days, we'll eat out his guts  
Kick some ass tonight!  
At the freak show!
