So you're with her and not with me
I hope she's sweet and so pretty
I hear she cooks delightfully
A little angel beside you

So you're with her and not with me
Oh
How lucky one man can be
I hear your house is smart and clean
Oh
How lovely with your homecoming queen
Oh
How lovely it must be

When you see her sweet smile baby don't think of me
When she lays in your warm arms don't think of me

So you're with her and not with me
I know she spreads sweet honey
In fact your best friend
I heard he spent last night with her
Now how do you feel

When you see her sweet smile baby don't think of me
When she lays in your warm arms don't think of me

When you see her sweet smile baby don't think of me
When she lays in your warm arms don't think of me

Does it bother you now all the mess I made
Does it bother you now the clothes you told me not to wear

Does it bother you now all the angry games we played
Does it bother you now when I'm not there

When you see her sweet smile baby don't think of me
When she lays in your warm arms don't think of me

And it's too late and it's too bad
Don't think of me

Oh
And it's too late and it's too bad
Don't think of me
