"Winter"

I could leave it on the floor
Down the hall by the door
I could hang it out in the sun and leave it there when
you come home
I'll just leave it there
It's much warmer there
I don't care if people stop and stare

I could keep it safe and quiet
Turned away from the light
I could just wave it goodbye
And carry on as though nothing's wrong
Oh
Nothing's wrong but that don't make it right

'Cause it's winter in my heart
Feel like paper is ripped apart
And if you knew how very hard it is to live the way I
want to live

When it's winter in my heart feel like paper is ripped
apart
And if you knew how very hard it is to live the way I
want to live
When it's winter in my heart
