Looking at the pictures of the places that he's been
Old man told me what he found
Said it don't make no difference whether you're out or
whether you're in
You know the world keeps going around and around
Going around and around

Said he looked at the places, talk to the faces that he
seen
Then he turned the pictures upside down
Said it don't make no difference how many places that
you've been
Said the world keeps going around and around
Going around and around

Then he put up the pictures shook his head and with a
grin
He talked about his ups and downs
Said it don't make no difference how many fixes you?
ve been in
You know the world keeps going around and around
Going around and around

Betty Joe Johnson, don't you pull no Daisy Mae on me
Daisy Mae she did me dirty, so I had to leave her for
Anna Lee
Anna Lee she had big street feet, she spends her
nights out on the road
So I started seeing Sally Jackson, I had to let old Anna
Lee go

Sally Jackson was a player, had another man along with
me
So I just took me one step backwards, checked up on
old Anna Lee
Anna Lee still had them street feet
Like to dance all night and sleep all day

So I just took one more step backwards, checked up on
old Daisy Mae
Daisy Mae is still doing dirty, so I tell you what I had to
do

I had to go just one step further, Betty Joe Johnson
And that's how I know you

Said he looked at the places, talk to the faces that he
seen
Then he turned the pictures upside down
Said it don't make no difference how many places that
you've been
Said the world keeps going around and around
Going around and around
