You've got what I want  
You've got what I need  
One touch from you  
Brings me to my knees  
You've got what I want  
Baby can't you see  
That on one else  
Will do for me

It's three a.m. no matter  
How hard I try, I can't sleep  
I close my eyes into my  
imagination you creep  
I can almost feel your touch  
Washing over me  
I'm wishing so hard  
That I believe

We had said things  
That we didn't mean  
All the morning light's  
Brought reality

If I need you  
And you need me  
So don't stop  
Let's get it on  
Babe I miss you  
All night long

You've got what I want  
You've got what I need  
One touch from you  
Brings me to my knees  
You've got what I want  
Baby can't you see  
That on one else  
Will do for me

Don't judge the past  
Babe it's only history

And let's accept that you and I  
Were always meant to be  
Step back into my life  
Out of my fantasy  
I've got a situation remedy

If I need you  
And you need me  
So don't stop  
Let's get it on  
Babe I want you  
All night long

You've got what I want  
You've got what I need  
One touch from you  
Brings me to my knees  
You've got what I want  
Baby can't you see  
That no one else  
Will do for me

You've got what I want  
One touch from you  
You've got what I want  
Baby can't you see  
That no one else  
Will do for me

If I need you  
And you need me  
So don't stop  
Let's get it on  
Babe I want you  
All night long

You've got what I want  
You've got what I need  
One touch from you  
Brings me to my knees  
You've got what I want  
baby can't you see  
That no one else  
Will do for me

(Repeat Chorus)
