You look down from heaven,
Just to see how we are.
You gave us shelter,
An umbrella of stars.
Sometimes you're crying,
'Cause it's so hard for you to see -
When you look down from heaven
To remember how we dream,
And I swear to God:

I will not go anywhere without you!
I will not go anywhere without you!
I will not go anywhere without you!
I will not go anywhere without you!

You're happy, when we sing,
Painting pictures in the clouds.
Our memories are fragile
So pretty and proud.
Sometimes I'm crying,
'Cause it's hard for me to hear -
Your breath is like summer
Lovely atmosphere,
And I swear to God:

I will not go anywhere without you!
I will not go anywhere without you!
I will not go anywhere without you!
I will not go anywhere without you!

I won't go anywhere...
I won't go anywhere...
I won't go anywhere... (flow like water)...
I won't go anywhere... (flow like water)...
