The sky turned an autumn brown  
Then back to blue  
In your pain I ran away  
Then back to you  
When I returned you were gone  
Your body swept away

Where are you now?  
Tell me please  
I've got so much to say  
I want to know  
Tell me please  
I want to know

Sands of life pass through my hands  
Like drops of rain  
When my hands are void of sand  
What still remains  
When all my life has been swept away?  
I've kept my fast  
The pain revealed a darker blue  
In dying eyes of glass  
Now I know...

I'm gonna be there  
I'm gonna be there with you  
When my time has come  
And the sands are gone  
I'm gonna be there with you  
When I see your face  
I'll thank in praise  
I'm gonna be there with you
