

Die Happy **"Everyday's A Weekend"**

Everyday is a weekend
Think of all the money
We intend to waste and burn and overspend
I wanna spend it with you
Hoping you feel the same way too

Monday we stay in bed
Tuesday we rob the bank instead
Wednesday we're contemplating
You and I escaping

Thursday we make the headlines
They want us by Friday alive or dead
Everyday is a weekend in my head

Don't set yourself no limits
Cause it won't work
If your heart's not in it
Enjoy yourself
Think clearly
I wanna clear it with you
Hoping you feel the same way too

Here we are
We've gone too far
I wanna die here with you
Hoping you feel the same way too
