Wake up in the morning sun  
Think about what I have done  
We are lying naked on the beach  
Jacques and I met yesterday  
We are both on holiday  
I am really sure, he is the one  
It's a special feeling, I will never leave him

Hello, hello  
My life begins today  
Hello, hello  
It's really nice to see ya  
Hello, hello  
I've never felt this way before I met you

Je suis tomb e amoureuse  
Le soleil brille dans ses yeux  
Mon petit ch ri, Il peut embrasser  
Je suis tch que, Il est francais  
Dans trois jours tout effac   
Je suis triste car il est mon grand amour  
Pour toujours, je le sais, j'en suis s re

Hello, hello  
My life begins today  
Hello, hello  
It's really nice to see ya  
Hello, hello  
I've never felt this way before I met you

Wind blows through my hair as I  
stand on the ferry board and leave  
I can't see those beautiful brown eyes  
You caught me with  
And as my tears run down my face  
'Coz I lost my destiny  
The most beautiful blue eyes I see  
Try to comfort me

Hello, hello  
I don't know your name

Hello, hello  
But I really think I like you

Hello, hello  
My life begins today  
Hello, hello  
It's really nice to see ya  
Hello, hello  
I've never felt this way before I met you
