I.

Screw me up, you're the one who understands
Pin me down now with your lance, baby
Show me how you would like it the most
Enjoy it baby, 'cause you're the one

Touch me now, I am waiting for you love
Show me heaven with your stuff, darling
Taste my skin when you're turning me around
Do it baby, I feel so hot, do it the whole night

Ref:

IF YOU FEEL THE SAME LIKE I DO
IF YOU UNDERSTAND LIKE I DO

II.

Let me know, when you want to spin once more
It's so easy to be a whore Æ C I hate it
Help me out, what an impassive lustful world
Are you all dead or is it me
You don't understand me
You don't understand
