Flying through another sphere
(Between reality and dream)
Not even trying to interfere
(Try to interfere with my soul)
You're with me that's for sure
(I saw you flying with the birds)
I won't leave you anymore
(A total eclipse of the moon)
Spring will kill the winter soon,
(I see you sparkles in your eyes)
Summer sun will hide the moon
(I hope)

I wanna play god tonight,
Watch my ego stand up right
Easy to try, I got you mesmerized
I'm ready to dream tonight
I'm gonna catch the butterflies, together again,
You got me mesmerized

Flying through another sphere
(Between reality and dream)
Not even trying to interfere
(Try to interfere with my soul)
On your shoulders I'll ride
(I saw you flying with the birds)

All the nightmares step aside
(Step aside)

I wanna play god tonight
Watch my ego stand up right
Easy to try, I got you mesmerized
I'm ready to dream tonight
I'm gonna catch the butterflies, together again
You got me mesmerized

The say love's nothing but a world
What an information
They say that love can only heart
I don't believe it
Where would we end up in this world

Without destination
I don't agree.

I wanna play god tonight
Watch my ego stand up right
Easy to try, I got you mesmerized
I wanna play god tonight
Watch my ego stand up right
Easy to try, I got you mesmerized
I'm ready to dream tonight
I'm gonna catch the butterflies, together again
You got me mesmerized
