They'll fuck you once they'll fuck you twice
Lord walks upon the eggshells we've fallen through the
ice
Hot and cold was on the ocean floor
Doctor pressure's good because somebody popped the
cork
Less raconteurs and roomy camps
Would be fast asleep dirty tell our visions got amera
nightmare

They're voting no they're voting yeah
We stored at night pick your pockets till you get

This is dumb front this is the back
Last we take away your guns so we cannot attack
Hot and cold was on the ocean floor
Doctor pressure's good because somebody popped the
cork
Less raconteurs and roomy camps
Would be fast asleep dirty tell our visions got amera
nightmare
Our overcrowded prisons and the city tells it back
Freedom slave labor solved the money's on the rack
Leaders that we ball up like you
Gallows would be lad
Last we take it back we'll be there and our broken necks
Last we take it back we'll be there and our broken necks
Take it back
Take it back
Take it back
Hot and cold was on the ocean floor
Doctor pressure's good because somebody popped the
cork
Less raconteurs and roomy camps
Would be fast asleep dirty tell our visions got amera
nightmare
Nightmare
Nightmare
Nightmare
Nightmare

You're a nightmare

You're a nightmare

You're a nightmare

You're a nightmare
