These lines are sketched deep into the back of my
head after years of throwing fits its all ending with a
gun wound stop the hate end the discontent raise this
pistol straight to my head these tears will never amount
to the blood i shed ive grown enough to see your blood
is thinner than water youre an empty threat holding a
loaded gun ill make sure to leave your mess sprawled
out on the wall ill make sure you soak up the sympathy
you never got bury this barrel deep into your throat pull
the trigger and choke so much for a hero i grew up
looking up to a fucking picture on the wall
