Your life will be the mirror
That shows what you've become
The stage is set for trial
To show what you have done

Your choice was to be rotten
So painful be the end
Law of existence - revolving doors
Comes the teeth of life's jaws

End of life - peace to the core
Full circle - returns once more

This is not the end of it all
Full circle returns once more

Your fear will be your shadow
And life will take revenge
You had it all but went too far
Realize the end is near

Regrets come much too late
So fire will be your fate
Law of existence - revolving doors
Comes the teeth of life's jaws

End of life - peace to the core
Full circle - returns once more

This is not the end of it all
Full circle returns once more

Remake, remodel - endless revisions
Within the circle - a new one is born
You're not alone - there's more of the sane
Wish the cycle - bred more of the same
