I'm the door to your relief
I've come to strenghten your belief
I'm here to open these closed minds
Let's burn these bridges that us blind

No more wars - destroying lives
Two-faced justice - inferno of lies
Introducing meaning to society
Must be the priority

Reconstruction - the challenging's back
Reconstruction - see him change it all back

I'm back to take for you the blame
I'm here to recieve for all the shame
I'm the one on whom you inflict the pain
I will not behind under heaviest strain

No more violence - the ultimate sin
Time for a whole new phase to begin
Introducing meaning to society
Must be our priority

Reconstruction - the challenging's back
Reconstruction - see him change it all back

Soul cries - cries elevate
Elevate mind - mind escapes
Escapes hate - hate you
You fall - fall hard
Hard up
