A wish so sinful
A sin so tasteful
A taste so painfull
A pain so wishfull

A mind confused
A cry in the dark
A soul seeking shelter
In another torn heart

Words of discouragement - struggling for hope
A touch of protection - from a promising hand
Between two worlds - caught in decisions
Visions of freedom - remain as illusions
Invisible ties - a spider's kiss
Perfection of lies - drawn toward the abyss
The look of temptation - the fear of sensation
Imploding desire - feeding the fire
We're band - we're branded
Forever we're stranded

That's what it does to you - the taste of taboo
Upside down it turns you - the taste of taboo

A need so joyfull
A yoy so shamefull
A shame so lustfull
The lust so needfull

Forbidden desires - craving for more
Unknown pleasures - willing to sin for
The lack of perfection - so weak the will
The needed injection - the ultimate thrill
The burning flesh - the sensitive skin
The destroying fire - comes from within
Dangerous games - playing russian roulette
With your life at stake - how far can you get

United in hell - paying the price
Living for sins - dying for vice
We're band - we're branded

Forever we're stranded

That's what it does to you - the taste of taboo

Upside down it turns you - the taste of taboo
