You sold your soul to a stranger  
You confused life with danger  
You made the wrong decision  
Forever being held in derision

From one extrem to another  
Not a moment left to recover  
It will never let you go forever  
Flowing with the flow

Your world revolves around me  
Your life's gyrating round me  
Your whole existence's a void

I'm gonna suck you in  
I'm gonna spin you round  
I'm gonna turn you up  
I'm gonna spit you out

Once inside you turn faceless  
You become part of the vortex  
It's like an eternal treadmill  
That never comes to a standstill

And it is useless to resist  
As the pressure will persist  
It will never let you go forever  
Flowing with the flow

Your plans dissolve without me  
You lose your dreams inside me  
Your mind has been destroyed

I'm gonna suck you in  
I'm gonna spin you round  
I'm gonna turn you up  
I'm gonna spit you out

This is the end of your world  
Everything has been upturned
