there's no refuge/  
no place to hide/  
there's no disguise/  
to cheat the eyes  
we're on your trace/  
wherever you are/  
we track you down/  
we're never far  
(repeat)  
wherever you are/  
we'll already be/  
the season has opened/  
for you and for me  
(repeat)  
there's no escape/  
no helpin' hand/  
all on your own/  
you better understand/  
we're on your trace...  
come along/  
come along/  
be a disciple of discipline  
wherever you are/  
we'll already be/  
the season has opened/  
for you and for me  
(repeat)
