

Die Krupps "Moving Beyond"

Visit "[Moving Beyond](#)" on MotoLyrics.com

Holding pieces of shattered dreams
accepting nothing for what it seems
closed minds - narrow vision
results are the same - just total division
it's not a game taking pleasure in pain
nothing to win and nothing to gain
wake up to the big mistake
those ways of life that make you break

Moving beyond - shedding the hate
moving beyond - wiping the slate
moving beyond - eith goals set high
moving beyond - new ways to apply

Abuse this norm - slashing at the soul

wreckage results of lost control
taught from childhood-words of broken nature
results of no good

I won't give up - I won't cave in
this is human nature - masterplan before life began
generations of life rooted deep
it's scarred to think what the future will reap

From this fragmentation - this crypted scene
I'm moving beyond - this wicked scheme
