

Die Krupps "New Temptation"

Visit "[New Temptation](#)" on MotoLyrics.com

From me to you
from you to me
speaking flows
and thinking seems free
from me to you
from class to class
speaking ways differ
and chances pass
different speech
makes different minds
separation into different kinds
words do express
words do possess
the power of temptation
supporting success

there is new creation in mind
there is new temptation in mind

words can distort
words can deceive
brought to perfection
they change belief
words can control
first thoughts then soul
help to prepare
for the final goal
a nation did rise
a nation did fall
a leader created
new ideals for all
there was a word
there was an idea
there was a belief
that thinking is free
